County Softball League To Open Sixty Game Season Next Monday

The Crawford County Softball League will open a sixty game season with a single game next Monday evening. The league this year is composed of six teams: Maple Forest, Camp Lehigh, Camp LaVictorie, Grayling South, St. Mary's and Grayling St. Mary's.

League officials are already planning on an expanded league next year with the addition of a softball field under lights. A softball field completed under lights, the league would probably schedule all games under the arc with a probable at least two nights each week. The possibility of a double header each night. This would give local citizens as well as tourists an entertainment attraction several evenings each week during the summer.

Grayling St. Mary's and Grayling South will use the Grayling Golf Club field as their home field. Maple Forest maintains a diamond near their town hall where Frederic has a field near the school. Camp Lehigh, Camp LaVictorie and Camp LaVictorie have diamonds at the camps. Game time has been set for 7 P. M. sharp throughout the season.

Following is the season's schedule:

JACK PINE'S STUMP

Graduation days are upon us and the kids have a right to let off a little steam after the hard days of school. But it is behooves any adult to help in this celebration by supplying booze or beer to the kids, whether by selling directly or buying for the kids. It's happened before, and it could happen again—let's make SURE it doesn't! I would aid, abet, encourage and enjoy a good old-fashioned lynch party for any liquor dealer who wants to make a fast buck selling to kids.

And while on the subject of graduation, I happened to be going by St. Mary's Catholic Church in Grayling the other day when I heard children singing. Being sort of an initiate, I walked into the church and sat down. I have never heard kids sing like that before. Although the words were Latin, the meaning seemed Universal. As time went on, I found that I was witnessing a graduation rehearsal for the Eighth Grade students. The hoarse voices of individual children became a nerve-shattering horror, but when those same voices are blended together in hymns of adoration, they become a dynamic, nerve-soothing and calming force. I do believe it was my happiest moment all week.

To kill time is, by definition, to murder it.

Congratulations to Ted Wheeler for accepting the PTA presidency. If you follow through, Ted, on your proposals, nothing but good can result. Having the PTA story in last week's Avalanche on the same page as this Stump, and wherein we both expressed some of the same ideas, should assure you that someone is on YOUR side and doesn't mind assuring ME that I speak not alone, either.

Ah, June! The month for marriages, for fond hopes, for love, for promises of faith and fidelity. You know that your marriage is the best one ever made; that YOU, and you alone, will have a DIFFERENT, a happier marriage, than many of the others you have known. You know that you are RALLY in love, and before you, there was no real love. And, too, your kids are going to be raised DIFFERENTLY, not like every one else's, for you have a child couple. And you are right—marriages can work, can be different. If the couples want them to be. Good luck to you and your dreams—the ones you make come true!

The response to my appeal for a design for Jack Pine's Stump has been gratifying, and the entries I have seen so far are excellent, but I need to see some more before I can say "up my mind. How about it?"

Also satisfying is the fact that the day the Stump appeared two weeks ago, the local sportsmen were suddenly suddenly stocked with a large amount of baby food. They must have had a spy in the Avalanche office. Congratulations—keep it up. A friend the other one told me he wished the Stump would supply dog food and wished that Jack Pine would write about that. Sorry, friend, but I don't have a dog...all I have is babies.

Extra special congratulations from Jack Pine to the Scouts from Frederic, who, WITH THEIR LEADERS, marched in the Memorial Day parade in Grayling. The Scouts of the Kiwanis Club of Grayling are sponsoring the river clean-up. The monies donated for this project will be used by the Grayling Explorer Scout Troop No. 77 for equipment and other general fund activities. The river from US-27 to the State Street Bridge will not be cleaned by the Scouts. It is hoped that the City of Grayling or some other agency can clean this portion of the river. The Scouts have also made arrangements for pickup for the Scouts free of charge.

Dismal sight of the week: An advertisement showing a lovely bride in a large church, coming down the aisle, and then suddenly she is shown in a small, dingy room, looking like a wreck. This is the story of a woman who has been married for years and is now being abandoned by her husband. The story is a sad one, and it is a warning to all who are considering marriage.

Politest fellow of the week: He who opened the car door for two elderly ladies sitting and struggling to load a case of whiskey.

Wed In Double Ring Ceremony

A double ring ceremony solemnized the wedding of Miss Donna Lee Morency and James Richard Parkinson on Saturday evening, June 4th, at the Catholic Church at 8 o'clock in the evening. The Rev. R. C. Puffer officiated at the ceremony. The bride was escorted by her father, Mr. Parkinson, and the groom was escorted by his father, Mr. Parkinson. The ceremony was a beautiful one, and it was a joy for all who attended.

Donna was given in marriage by her father, wearing a white nylon tulle gown, and she was escorted by her father, Mr. Parkinson. The groom was escorted by his father, Mr. Parkinson. The ceremony was a beautiful one, and it was a joy for all who attended.

Mrs. Monte Malonen, matron of honor, wore a turquoise tulle ballerina length gown, a white tulle gown, and a white tulle gown. The ceremony was a beautiful one, and it was a joy for all who attended.

William Kenyon was best man. A wedding reception was held at the home of the bride's parents, Mr. and Mrs. Leo Morency. The three tiered cake was guarded by white tulle. The ceremony was a beautiful one, and it was a joy for all who attended.

Donna is a 1954 graduate of Grayling High School. Jim, son of Mr. and Mrs. Claud Parkinson, also attended Grayling High School. Following a honeymoon in southern Michigan, the newlyweds are at home at the Welsh Apartments.

The Baptist Church will hold its Vacation Bible School next week Monday through Friday mornings, 9:00 to 11:30. The school will be conducted again this year by Rev. Hubert Karl of the Rural Bible Mission, assisted by members of the church.

All boys and girls of school age are invited to attend, and all who had fun last summer will want to come back and bring their friends to enjoy Mr. Karl's games, stories, prizes and magic. Parents are invited to attend the public program at 8:00 o'clock on Thursday evening when a king and queen will be crowned. The annual picnic will be held on Saturday at the Hartwick Pines beginning at 10 o'clock.

Kiwanis Doubles \$500 Gift To Recreation Area Fund

Chamber At 259 Members

The Crawford County Chamber of Commerce adding one more member this past week has reached a total membership of 259. Secretary-manager Bill Turner announced this news. The new member is Lt. Colonel Ronald D. McDonald, Michigan National Guard.

Forty-eight other members have pledged to join the Chamber on September 1 when the first full year of the Chamber gets underway. This will surpass the goal of 300 members at that time, Turner stated.

He added that his estimate of membership in Grayling was about 75 per cent. He added that cooperation had been splendid and his hopes were very high that September would bring both the Chamber and Grayling percentage figure quite near to 100.

Turner added that if anyone was not contacted, which was a possibility in such a large undertaking, that a phone call to 3336 would reach the Chamber representative to their home or place of business to discuss the matter with them. He urged anyone in this category to phone at once in order that the Chamber records could be as near perfect as humanly possible.

Eldorado Pioneer Succumbs June 5

Final rites were read Wednesday afternoon, June 8th, at two o'clock at the South Branch Baptist Church for Mrs. Mattie Funch, 82, pioneer resident of Eldorado. The Rev. Don Brady officiated. Burial was in Rock Cemetery.

The deceased, who was known to four generations in the community of Eldorado as Aunt Mattie, was born in Cass County, Michigan, on March 4, 1863. Her parents were Paulina Thorpe and Mordcaul Mullen. She came to Eldorado from Lawton, Mich., to teach school, the school house at that time being located half way between Eldorado and Smith Bridge. About a year later on January 15, 1883, she was married to Joseph Funch in Roscommon. The scene of their marriage was upstairs in what is known as the old McCredie building in Roscommon. The Justice of the Peace officiated. Having a good education she knew hundreds of songs, poems, and the like and entertained the young people of the community with her talents at their gatherings. She taught some to dance. She took an active part in all community affairs and added greatly to the life of the community. She was a member of the South Branch Baptist Church and was a very active member. She was a very kind and generous person and was loved by all who knew her. She died at her home in Eldorado on June 5, 1955, at the age of 92 years.

Bear Archery Pledges \$1,000 With \$400 This Year, \$300 Next Two

Several Personal Gifts Come In Too

The Kiwanis Club of Grayling at their regular meeting Monday night gave the Grayling Memorial Recreation Area Fund a real boost when they decided to double their original gift of \$500. A check for \$500 is to be forwarded to the fund immediately with another \$500 check pledged to be paid to the fund before the summer is over. The club's directors also passed a resolution recognizing the continuing project of the area as a real community service and pledged the club to continue its best efforts for the area during the coming years as further projects are planned there.

Added to the initial gifts from the Grayling Women's Club and the Grayling Teachers' Club of \$500 each, this makes a total of \$2,000 toward this year's goal of \$10,000 which will be used for a graded football, softball and basketball fields, and as much fencing as possible.

The Bear Archery Company of Grayling has pledged a total of \$1,000 towards the project with \$400 to be paid immediately and the check of \$300 each year for the next two years. This places this year's total from the three clubs at \$3,500.

At a meeting held at the City Hall last Thursday evening which was attended along with representatives of the churches of Grayling plus representatives of the various organizations, a house to house calling campaign was tentatively set up. Another meeting is slated at the City Hall for the evening of Friday, June 17 at which final arrangements will be made and a date set for the drive. Women's Society Of Christian Service Installs

The Women's Society of Christian Service of Michigan Memorial Church held their final meeting of the year on Monday evening for the purpose of installing officers newly elected to serve for the coming year.

The meeting, presided over by Mrs. Harry McEvers, the retiring president, began with a reception service in which each officer reviewed the Society's accomplishments of the past year in her own particular department, and was awarded a rose in recognition of her service to the Society. The roses were then attached to the bare branches of a potted tree, changing it from a barren skeleton to an object of great beauty. Even as the society hopes that its program will bring bloom to many barren places.

Following this ceremony a surprise feature of the program occurred when Mrs. Helen Penton, retiring president of Mary Martha Circle, presented on behalf of the Circle an Honorary Life Membership to Mrs. McEvers as retiring president of the Society. After a lovely piano solo by Miss Rae Wheeler, Mrs. T. P. Peterson called all the new officers to the chancel and charged them with the duties and responsibilities of their several offices, as each one was handed a lighted candle by Carol Penton and Karen Gotro. Following the candle-lighting the officers elect knelt at the chancel rail during the singing of "The Lord's Prayer" by Mrs. Lloyd Taylor, and the dedicatory prayer by Mrs. Augustus Funch.

igan Ground Observer post of the month for April. FQ 14 Black is on duty twenty-four hours a day, and has been for over a year. There are 640 posts in Michigan.

In March, 1954, one of the volunteers, working his shift, observed an Air Force jet flying over his area. As he reported the aircraft to the Grand Rapids Filter Center, he noticed the jet was in trouble. The Filter Center knew immediately when the plane crashed, and its exact position. This information enabled authorities to go directly to the scene of the crash. Fortunately, the pilot had parachuted to safety.

In addition to being a 24 hour post, Camp Lehman's volunteers also have contributed a great number of hours—William Sherman has 3,250 hours to his credit, Lewis Miller 2,100 hours, and John Childs has 550 hours, which totals 5,818 hours for three volunteers.

The post has received numerous citations and awards for its participation in the Ground Observer Corps program.

State Tourist Volume Expected To Reach \$500,000,000 This Summer

Tourists Are Returning to Michigan this summer to bring the industry back to its \$500,000,000-a-year heritage.

Dollar volume slipped eight percent last year when other states developed elaborate programs to compete more strongly for the vacation dollar.

Robert J. Furlong, executive secretary of the Michigan Tourist Council is seeking additional funds to advertise the state as costs continue an upward spiral.

"But it's encouraging the number of out-of-state people have inquired through our office about facilities here," he said.

Each inquiry gets back pamphlets extolling the vacation spots in Michigan developed co-operatively by the four regional tourist associations.

Furlong said the inquiries have increased over last year, a harbinger of a dollar volume comeback, because a large percentage of those who take the trouble to check Michigan come here for their vacations.

Another item that will help is the new legislative act which enables an out-of-state car buyer to pick up his new car here and drive it back home without paying Michigan sales and use taxes.

A special 3-day license is sold the buyer—with lawmakers figuring he will spend part of the extra time in the state.

Republicans, young and old, are making plans for 1956 as the end of the legislative session ends.

A group of younger House members are working for a fresh revival of the party following near-disastrous defeats in 1954 and the 1955 spring election.

Rep. Richard Smith, of Bay City, Rep. Tom Burns, of Saginaw are key figures in the group.

They already sounded out Rep. Gerald R. Ford, of Grand Rapids, as a possibility to leave Congress and run for governor as a stand-alone candidate against Gov. Williams or his successor Democrat.

Ford, remembering the primary fights which split the party in the said he would get into the state picture if the party would unite behind one man.

These are conditions that may tell the story in 1956.

Others are taking a close look at Rep. Alvin M. Bentley, of Owosso, the young millionaire congressman, whose popularity and financial independence are attractive to some. His injury from guns of fanatics in the Capitol attack makes him even better known.

A third group is reviewing the campaign to get Detroit's Mayor

Cobo as the Republican candidate.

They know him as a top-flight organizer and a man who gets things done, but they're wondering about his pull at the polls after years of non-partisan municipal leadership.

"Success in a city election doesn't always mean success in a state-wide election," said one Republican Senator.

Republicans in the legislature are pulling in different directions though the splits appear to be minor at present.

In the Senate, there have been a number of defections. The leadership of Senator Creighton R. Coleman, of Battle Creek, and his lieutenants, Senators Carlton H. Morris, of Kalamazoo and Edward Hutchinson, of Pennville.

The 11-member Democratic delegation sits quietly, feeding whatever flames of dissent that may

When it looks like a wide enough split, the Democrats toss their votes where they will do the most good.

The Coleman group lost on a fight to strip the salary of Dr. Albert E. Heustis, state health commissioner, from \$12,500 to only \$10,500 a year. After a fight, the figure was fixed at \$18,000.

Whether the accumulation of minor setbacks means new leadership in the future will have to wait until next year, but it appears that Coleman's group has lost important majority votes.

Labor leaders were shocked when Republican party belatedly denounced a Republican-sponsored "right to work" bill.

They arrived at a public hearing, 500 strong, with speakers well-versed in opposing the legislation which they feared would outlaw the closed shop.

The bill would have given a man the right to work without joining a labor union, or any well-versed in opposing the legislation which they feared would outlaw the closed shop.

August Scholle, president of the Michigan CIO council, said the bill was "anti-labor" and charged that Republicans were "giving up" to their policy of being against the working man.

Others were cheered by the paid gallery when they made similar statements.

The payoff came when Senator Robert E. Faulkner, Republican chairman of the Senate labor committee, read a letter from Chairman John F. Feikens. Bellowing, he denounced the bill and said:

"The 'right to work' bill is not Republican party policy. The Republican is not now and never has been in opposition to the working man."

Crack Down

We wouldn't say that the vigilance of Michigan State Police, City Police or Sheriff's Department is any sharper, but, it is evident to many folks (local ones included) that traffic violation tickets are being issued much more frequently.

Drivers who get these tickets are finding that breaking traffic laws can be expensive too. The past Memorial Day week end brought quite a flood of traffic violation tickets and probably cost the "erring drivers" thousands and thousands of dollars in fines and court costs.

We understand that this "get tougher" attitude was ordered right from the top echelon on down the chain of command. We also know that each driver who gets a ticket and has to pay a fine, just isn't guilty. No one in that category ever is.

Look at it this way, these law officers from all three departments of law enforcement, and the justices of the peace who you must face to pay your fine, are really interested in just two or three things—to stop accidents — to halt heavy property damage — to save lives — EVEN YOURS.

Even a \$100 fine plus court cost of up to \$10.00 more would be a very cheap price for speeding through a town or village on a state trunkline, if the next time you didn't speed and thus avoided running down a child. Makes sense, doesn't it?

So the next time, a minion of the law waves you down and starts to pull out that book to write you up—remember he isn't an old so-and-so and he isn't taking out his ill feelings on you—he's trying to keep you alive by underscoring in your memory the traffic law or rule just ignored.—R. W. S.

Want to watch the gas pumps go by?

It's wonderful what Variable Pitch Propellers
do for getaway AND gas savings!

Buick SPECIAL 4-Door,
6-Passenger Riviera, Model 48

ANY airline pilot will tell you that one big
reason for the modern plane's greatly
increased cruising range aloft is the variable
pitch propeller.

To get off the ground, of course, the pilot
needs plenty of acceleration, for take-off and
climb. So his propellers must "bite" into air
at a certain angle for utmost performance.

But once the plane is at cruising altitude,
great power acceleration is no longer needed
— fuel efficiency is. So the pilot switches the
pitch of his propeller blades to high-economy
angle—and gets a lot more mileage from the
fuel in his tanks.

That's why Buick's new Variable Pitch
Dynaflow* is such a sensation everywhere.
For the same aviation principle that brings

this two-way magic to the modern plane is
now found in the propeller-like blades whirl-
ing in oil inside the Dynaflow unit.

Just by pressing the gas pedal way down, you
switch the pitch—and get instantaneous get-
away response or safety-surge acceleration.

Just by easing up on the pedal, you change
the pitch to high-economy angle—and get
new and better gas mileage in all normal
driving and cruising.

It's a spectacular and sensible achievement
— this new Dynaflow Drive—a brand-new
thrill and a brand-new thriftiness.

And with it goes the might of record-high V8
power—and the level luxury of Buick's all-
coil-spring ride—and the spacious roominess
of Buick's broad interiors—and the host of
other advanced features that add to Buick's
brimming value.

Come in and try what is very definitely the
performance thrill of the year—and see for
yourself why Buick sales are soaring to all-
time best-seller highs.

*Dynaflow Drive is standard on Roadmaster; optional at extra cost
on other Series.

Party Held To Honor Graduates
The third annual party honoring the Graying High School Seniors was held at the Officers' Club at Camp Graying last Thursday night, from 8 to 11 p. m. Seniors, juniors and their parents and faculty members enjoyed an evening of dancing to music furnished by Mrs. Floyd Taylor and Wesley Kumpelt. A highlight of the evening was the calling of several square dances by William Christensen, a past master of this art, and also by Dick Klein who filled in until Mr. Christensen arrived. Refreshments of ice cream, cake and soft drinks concluded the evening. Television and ping pong were enjoyed by those who did not care to dance.

These parties were originally started so that all members of both classes could meet and have fun together before graduation separated them.

The sponsors of the party would like to express their thanks to Mr. and Mrs. Earl Hildreth for making it possible to use the clubhouse. Mr. Hildreth always enjoys having young people around, having been a teacher and worked with young folks.

Mr. and Mrs. Tom Roberts, Mr. and Mrs. Richard Lovell, Mr. and Mrs. Carlyle Brown, Mr. and Mrs. Leroy Millikin, Mr. and Mrs. Arthur J. Wakeler, Mr. and Mrs. Dale Pettengill, Mr. and Mrs. A. J. Sorenson, Mr. and Mrs. A. This picture was snapped by Johnny Webb, photographer for the Crawford County Chamber of Commerce just before the bus pulled out with a group of Detroit newsmen who had stopped here for a "hospitality stop" while on a "Know Your Michigan" tour. Pictured are but about half of the crowd as others had already boarded the bus.

Mr. Robert Strong, Publisher

Grayling, Michigan

Dear Bob:

I thought you folks had reached a peak of perfection when you hosted Michigan Outdoor Writers Association. But I hadn't seen nuthin' yet until you poured on the cordiality for our newsmen's "Know Your Michigan" Tour.

You are a great gang. All the boys and girls join me in our thanks for a swell stop. We had only planned to spend a few moments there and you saw how tough it was to pull the crowd away.

We'll be back again. Especially Mrs. T and I shall. We're crazy about the folks in your town.

Sincerely,
Wm. J. Trepagnier

to supply his stock. Frank lived on lake fish while he was gone.

The Saginaw baseball team came up Saturday to do our boys up on the diamond, but were left with the score of 4 to 3 in favor of Grayling. On Sunday, our boys extended courtesy to their visitors, and were beaten by a score of nine for Saginaw and two for Grayling. The only excuse was the rain, the ground being flooded, making slippery work.

The alarm of fire Tuesday afternoon called out the town in quick time. The large icehouse of the M.C.R.R. Co. caught fire, probably from a spark from an engine catching in the dry shingles.

C. W. Ward of Lovells went to Detroit Tuesday on a business trip.

Mr. and Mrs. Charles Furner have gone to Chicago for a vacation and while they will undoubtedly enjoy, as it is the first time for years that Mr. Turner has left his business here for pleasure.

T. E. Douglas of Lovells is cultivating his potatoes and all of them are looking fine, which is putting it very mild as his oats are about one foot high, while the rye would have to be seen to get an idea of its immense growth at this time.

W. S. Chalkey and R. Edmonds, members of the Board of Review, came over Tuesday, June 8th, the appointed day for review. Meeting was adjourned on account of the supervisor being too busy to attend. He will hold a meeting when he gets time. The taxpayers may come if they can find out when the meeting will be held.

SCHOOL ENJOYS ANNUAL PICNIC

The Feldhauser School closed the year with the annual school picnic, held May 31st at the Hartwick Pines. The day was ideal for the mothers and children who took part. 62 people were present, completing the school roster except for the Marion Shaw family, whose daughter, Alice, had the mumps. A beautiful pot luck dinner was enjoyed by all. This was topped off by a treat of ice cream furnished by the teachers, Mrs. Arthur J. Wakeley and Mrs. Leota Harrod. The only incident to mar the day was a minor one, when the second daughter of the Richard Jacobsons was bumped on the chin by a swing.

Daughters Of Bob Hunters Honored

Jane Hunter was elected Junior Class President and publicity chairman of the Masque Guild of Mercy College at Detroit in Class and Club elections held last week. Her sister, Mary Jo was elected President of the Masque Guild and was also honored at a special dinner of the Guild when she was given a yearly award as giving the best technical aid for dramatic productions during the season. Both girls are the daughters of Mr. and Mrs. Robert Hunter of Beaver Creek.

CARD OF THANKS

Mr. and Mrs. Robert Smock extend their appreciation to the Class of 1955 for being invited to go on their skip day trip.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile. From Standing Start, Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet-beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach, NASCAR 2-Way Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

All of us on the Clarion were surprised to learn that our principal rival in the newspaper field—the Balesville Bugle—might have to shut down.

Crops were bad in Balesville last year and one of their factories moved out of town. Just temporary hard times, of course—but the Bugle needs help now if it's to survive.

So, this paper is going to scrape up a little money to help tide them over, and we hope other local concerns will do the same. We've seldom agreed with them editorially over the years—but

we want their competition to keep us on our toes.

From where I sit, this country needs papers with different points of view—just as it needs people with different ideas and tastes. You may prefer tea as a hot weather cooler... I generally choose a cold glass of beer. But if either of us couldn't express his opinion, and act on it, that would be "bad news" for the whole community.
